EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering <i>Current Semester: [4] / CGPA: [8.72]</i>	[KL University Hyderabad] 2024 – Present
Class XII CGPA: 8.9	[SR Sri gayathri junior college] Completed
Class X CGPA: 9.5	[Bhashyam High School] Completed

TECHNICAL SKILLS

- **Languages:** C, C++, HTML, CSS, Latex.
- **Creative Tools:** Canva.

PROJECTS

AI-Powered Lead Qualification and Funnel Prediction System | 2025

- Developed an AI/ML-based lead management platform for lead scoring, conversion prediction, and sales funnel classification using predictive machine learning models.
- Built a modular pipeline with data preprocessing, multi-model execution, and dashboard analytics to generate real-time business insights and customer behavior predictions.
- Integrated CRM/API compatibility, continuous model retraining, and privacy-aware data handling to support scalable and data-driven sales operations.

Design and Analysis of a Custom Optimizer Using Signal Processing Principles | 2025

- Developed a custom machine learning optimizer by modeling gradient updates as discrete-time signals using signal processing and communication theory concepts.
- Applied Fourier Transform, Power Spectral Density (PSD), correlation analysis, and adaptive filtering techniques to analyze optimizer stability, noise, and learning dynamics.
- Designed and validated a frequency-aware low-pass filtering optimizer on benchmark datasets, achieving smoother convergence and reduced high-frequency update noise compared to standard methods.

ABOUT ME

I am a motivated and detail-oriented engineering student with a strong foundation in programming, electronics, and problem-solving. I have hands-on experience with academic and mini-projects involving microcontrollers, signal processing, and basic AI/ML concepts. I am eager to apply my technical skills in real-world applications, continuously learn new technologies, and contribute effectively to team-based projects in a professional environment.

ACHIEVEMENTS

- **Competitive Programming:** Among the Top 100 coders in the college based on combined rankings across major coding platforms.
- **Participated in:** 1. Hackathon 2025 2. Genathon2026.
- Won Project Expo - 2025 Organized by KL Hyderabad ECE Department

CERTIFICATIONS

- **MongoDB Associate Developer Certification** – [Python]
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate - Oracle
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional - Oracle

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Coding |
